GRADE 14, U16, U18 INTER-PROVINCIALS

This season's Inter-Provincial Meeting format has altered since last year. What this will look like we hope to advise prior to the season commencing in October 2022.

GRADES 12 & 13 INTER-PROVINCIALS

A decision has been made that the current format of Inter-Provincial's for this season will not continue as it has for previous seasons.

We are waiting for information to come through from Athletics New Zealand and what they see as happening. As a centre we will also be looking at how we can support our G12/13 in some format should the Athletics NZ format not come through for this season.

We acknowledge this sounds a little "messy" but unfortunately it is out of our control as the information wasn't available before this document went live.

SUMMARY

Athletics is the only sport that the whole family can participate in ~ at the same venue at the same time.

The Children's Committee wishes all athletes a most enjoyable season of competition.

If you have friends who enjoy a social day out and some friendly competition, invite them to your Club Nights and then to Ribbon Days. Their athletic skills and comradeship will build up during the year.

New Zealand Technical Officials Education and Qualification

Become an official - or improve or extend your qualifications if you are already a qualified official. You will serve your club better on club nights as well as the wider athletics community at ribbon days and interclub events. You can even be involved at national (e.g. Colgate Games and Porritt Classic), and international level if you want.

Athletics New Zealand has an officials' education and qualification scheme (ANZOES). The Centre has Heather O'Hagan to undertake the training of officials. The goal is to provide people with initial training regarding the rules and procedures for athletics officiating, and then to provide the opportunity to gain experience and advance their qualifications.

Courses can be arranged for a Sunday anywhere in the Centre, or on a series of weeknights. The Sunday courses usually take from about 9:30am to 2:30pm, including a written test. The week-night courses would require at least two 2-hour sessions.

Level C & B

Level C is the initial level for recognition by Athletics New Zealand. It is suitable for people who help at club nights, ribbon days and inter-club competitions. Level B is for people who have done the initial level and gained further practical experience (15 days above club-night activity) and can therefore accept more responsibility.

Level A

Level A courses are for people with comprehensive experience and likely to be asked to officiate in key positions at major meetings such as league and championships. In the 2 years after qualifying at Level B a further 15 days officiating experience is needed including duty at an Athletics New Zealand Championships.

Officiating Activities

ANZOES is divided up into specific areas so people may qualify in Jumps, Throws, Track, Walks and Non-Stadia. There is also provision for measuring road courses and for officiating for athletes with a disability.

If you would like to arrange training for your club officials, contact Heather:
