No events planned at present

SUMMARY

Athletics is the only sport that the whole family can participate in ~ at the same venue at the same time.

The Children's Committee wishes all athletes a most enjoyable season of competition.

If you have friends who enjoy a social day out and some friendly competition, invite them to your Club Nights and then to Ribbon Days. Their athletic skills and comradeship will build up during the year.

COACH EDUCATION & DEVELOPMENT

Clubs in the AWBoP region are building an excellent base of coaches and this is reflected in the very good results achieved by school, club and centre teams last season at National Championships and at North Island and regional competitions. We are indebted to all those volunteer coaches who are sharing their time and knowledge with both young and old in our centre to make sure that progress continues to be made.

Athletics NZ Coach Education

The Athletics New Zealand Coaching Programme has a number of elements and options available for people who wish to start coaching and for those who wish to improve their skills and coaching qualifications.

For more information about coaching see: <https://athletics.org.nz/get-involved/coach/>

Coaching Athletic Development Level 1

Coaching Athletic Development (CAD) Level 1 is Athletics New Zealand's new community-level coach education programme. CAD Level 1 teaches coaches the technical fundamentals of 11 athletics events and will help coaches to confidently coach athletics skills to Under 18 athletes. The course bridges the gap between the Run Jump Throw Foundation Programme (target age 7 to 11) and competition based athletics. All CAD Level 1 event modules are delivered as practical workshops that take up to 2 hours. This includes time for participant assessment and observation by the Coach Educator. At the end of the course, coaches will be awarded a "CAD Level 1" certificate.

Run Jump Throw Athletics

These courses are the first step in the Athletics New Zealand Coach Education programme. They have become very popular for primary and intermediate schools and children's athletic clubs. The course emphasises teaching of basic athletic skills to children.

Run Jump Throw is all about developing athletics-specific skills in a fun, inclusive way that encourages Kiwi kids' to participate in athletics. Designed for 6-11 year olds, Run Jump Throw allows athletics clubs and schools to easily teach the foundation skills of athletics in a positive, supportive environment, where participants learn and are challenged at their own pace. The programme uses modified equipment and games to help maximise participation and enjoyment.

Get Set Go

Get Set Go is designed to help Kiwi kids (aged 3-8 years) enjoy being more active through play and sport. The programme provides educational, developmentally- appropriate, fun activities that build and develop children's basic fundamental movement skills.

Get Set Go helps increase teachers, athletics clubs, coaches and parents understanding of the importance of movement, play and positive experiences for children. It provides professional development tools and quality resources around the assessment, planning and development of fundamental skills within a broad child-centred framework.

NEW ZEALAND TECHNICAL OFFICIALS EDUCATION and QUALIFICATION

Become an Official - A/B/C grade

Athletics is a dynamic sport that thrives on the contributions of individuals from various roles, including athletes, coaches, administrators (at the club, centre, and national levels), and officials. As an official, you'll play a vital role in helping athletes perform at their best and achieve their dreams.

Officiating at athletics competitions is both flexible and enjoyable. You can choose to attend as many or as few events as your schedule allows. We especially encourage young people to get involved and discover the excitement of the sport. This is a wonderful opportunity to give back to your community.

Athletics New Zealand has an officials' education and qualification scheme (ANZOES). The goal is to provide people with initial training regarding the rules and procedures for athletics officiating, and then to provide the opportunity to gain experience and advance their qualifications.

Courses can be arranged for anywhere in the Centre eg Sunday. A Sunday courses usually take from about 9:30am to 2:30pm, including a written test.

Level C & B

Level C is the initial level for recognition by Athletics New Zealand. It is suitable for people who help at club nights, ribbon days and inter-club competitions. Level B is for people who have done the initial level and gained further practical experience (15 days above club-night activity) and can therefore accept more responsibility.

Level A

Level A courses are for people with comprehensive experience and likely to be asked to officiate in key positions at major meetings such as league and championships. In the 2 years after qualifying at Level B a further 15 days officiating experience is needed including duty at an Athletics New Zealand Championships.

Officiating Activities

ANZOES is divided up into specific areas so people may qualify in Jumps, Throws, Track, Walks and Non-Stadia. There is also provision for measuring road courses and for officiating for athletes with a disability.

If you would like to arrange training for your club officials, contact:

AWBoP Development and Events Coordinator - Barrie Jennings

Email: barriej@athleticswbop.org.nz

Or

Maxine Chappell

Officials Development Officer, North Region

Email: maxine@athletics.org.nz
